

# Let's Reimagine City Park Together!

City Park is Portsmouth's largest and most visited park. The City is creating a master plan that will guide future improvements to the park.

Based on your feedback, we have designed two master plan options. Both involve an enhanced park entrance, an improved waterfront, more amenities, and an extensive trail network for you to enjoy.

## Share your thoughts now!

View the interactive map and take our full survey by scanning the QR code, or answer the questions on the back of this flyer. The survey will be open through **October 31<sup>st</sup>**.

**We need your help** deciding how to use the current golf course area, how to direct boat traffic flow, and where to place some amenities.

# Share your thoughts now!

Answer the questions below or take the full survey with our interactive map by **October 31<sup>st</sup>** at [www.reimaginecitypark.com](http://www.reimaginecitypark.com).

## 1. Of the amenities listed below, circle your top three (3) that you want to see in the park:
